TAF TRUSS

TQ4-29 - 1000

T - this letter indicates products TAF

Q - second letter determines kind of connection (Quick)

4 - figure after letters determines how many tubes has the construction

29 - figures after dash specify maximum of outside measure of tubes in cm length

1000 - last figure specifies individual items of system. Double figure means corner item of system. Higher figure means straight pieces, where value of number means their length in mm.
